About Us

Burhani Decors offers shelving systems for the retail outlets, homes and offices which are altogether a combination of appearance, efficiency and durability. Since inception in the year 2007, our goal has always been to produce the best fixtures in the industry, keep them competitively prices and above all, provide superior personalized service. Our complete line of items includes Gondolas, wall units, End units, Heavy duty Gondolas, wall channels, brackets, hanging accessories, etc.

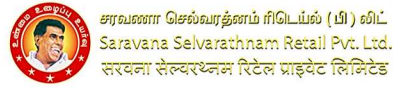

For over years, our expert staffs have transformed retail space into a pleasurable shopping environment. We can outfit any storage with top quality retail displays as well as high-end and reliable shelving from front to back, showroom to showroom.

Why Us?

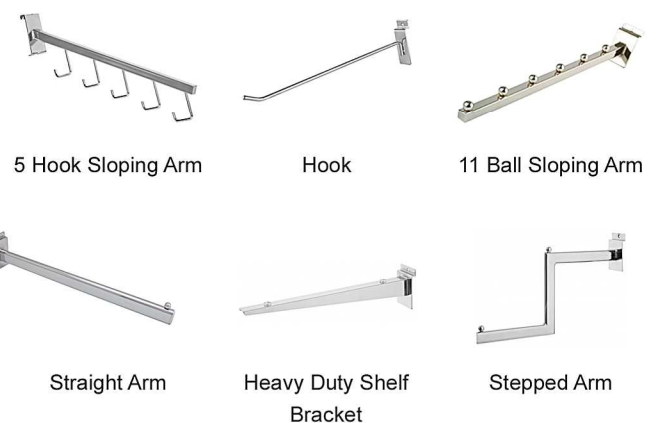

Our revolutionary models give you a great flexibility for organizing your space where every nick and corner is utilized to its full capacity, and keeping its international appeal. The whole system is adjustable and makes the maximum utilization of the space available and the combination of wooden glass, wire and metal shelves give elegant looks.
